GTM operator who turns ambiguous strategy into closed revenue. I've built companies **0→1** inside a venture studio, owned the **full sales cycle** across AI-native startups — outbound, discovery, demos, and close — and I ship the products too, so I can speak to them at the code level. Equal parts seller, builder, and operator.

EXPERIENCE

5A Ventures — Go-To-Market & Founder's Office

Mar 2026 – Present

Venture studio building AI-native startups · New Delhi

Lead go-to-market and product validation across the portfolio; running point 0→1 on three ventures:

- **Factory Eye (Founder)** — Edge-AI visual inspection for auto-parts manufacturers. Set GTM and product; **self-sourced 12 meetings in 3 weeks**, ran factory-floor discovery, signed an NDA with a Honda/Maruti supplier, drove the founding hardware-engineer hire, and shipped the product site — a sub-\$900 on-device station vs \$18K–\$240K rigs. Approaching first revenue.
- **Sigil (Co-Founder)** — Legal-AI for fast-scaling SaaS contracts. Own GTM, brand, and the shipped **sigil91.com**; running founder-led outbound across **25+ named SaaS targets**.
- **RegMitra (Product)** — RegTech for Chartered Accountants. Led validation end-to-end (13+ CA interviews, a blind 3-LLM benchmark, Van Westendorp pricing) and built the working prototype — a 17-regulator scraper feeding a deterministic applicability engine.

Peach — GTM Lead (first sales hire)

Mar 2025 – 2026

AI platform for personalizing education (B2B) · New Delhi

- Owned the entire sales function — booked **50+ meetings in 6 months**, running discovery, demos, and close, and translating a technical AI product into business value for education buyers.
- Company closed **₹1 Cr in revenue** — roughly **45% traced directly to leads I sourced** and worked myself; initiated 4 co-builds that fed product improvement.

Iridia Medical — Chief of Staff

2023

Workplace mental-health solutions · Vancouver, BC

- Built the consulting wing **0→1**; owned the sales pipeline, migrated it Excel → CRM, and drove adoption through webinars, seminars, and trade shows.

Earlier

- **Invest India** — BD Intern, Team Americas (2022): built a curated list of 350+ high-potential clients; cold outreach at a 20% conversation and 10% meeting-booking rate.
- **Applause Entertainment** — Assistant Writer, Mumbai (2024–25): writers' room for a Bollywood-funded feature. **KASA Properties** — Sales Intern, Berkeley: owned viewings and the leasing pipeline (85% occupancy across 4 properties).
